To whom it may concern,

My name is Lynn Zhou and I wanted to drop you a quick line about my interest in working at Kinetic.

I am a mobile software engineer well versed in both Android and iOS platforms. Having worked in the industry for a few years, I am familiar with your reputation as the best mobile agency in Toronto. I'm excited at the prospect of working on your high quality apps as part of an excellent team of developers.

I've worked on a variety of apps in different languages, but I'm most passionate about iOS and Objective-C and would like to focus on developing innovative, industry leading apps on this platform.

Feel free to check out my resume at this link: resume.lynnzhou.com using following password: `buildawesomeapps`

I'm currently applying through Andre Gale with Gurulink and he'll be the one in touch about my application. Don't hesitate to let me know if you have any questions for me!

Sincerely,

Lynn
